

Sudden Cardiac Arrest Association

POWER AND PASSION... SAVING LIVES

MID-SOUTH MISSISSIPPI CHAPTER • 4500 Swinnea Road • Southaven, MS 38671 • (901) 337-1795 •
mississippi@suddencardiacarrest.org

Sudden Cardiac Arrest can strike anyone regardless of their age, race or gender.

Sean O'Hara passed from this life on December 2, 2007 of sudden cardiac arrest. He was 21, a graduate from Hernando High School, and attending The University of Mississippi at the time of his death. He had no previous history of heart problems and was struck suddenly and without warning.

Sudden Cardiac arrest is a major health problem in the United States. According to the American Heart Association, SCA kills more than 325,000 people each year in the US, **killing more Americans than lung cancer, breast cancer and HIV/AIDS combined.** Sudden Cardiac Arrest (SCA) is a sudden, abrupt loss of heart function. Most sudden arrest episodes are caused by the rapid and/or chaotic activity of the heart. These are abnormalities of the heart's electrical conduction system.

The Mission of The Mid South – Mississippi Chapter of the Sudden Cardiac Arrest Association is to unite and educate our community, provide necessary CPR/AED training, and/or defibrillators (AED) devices in all public places including and not limited to schools, churches, and public venues. All proceeds from the golf tournament go to SCAA Mid South – Mississippi chapter.

How can you help?

- Put together a golf team
- Sponsor a hole
- Provide a door prize
- Donate your money
- Don't play golf?? Join us for lunch in honor of Sean.
- Educate and Protect your loved ones from Sudden Cardiac Arrest.

We extend our heartfelt appreciation of your vital support. It is our hope to eliminate unnecessary deaths from Sudden Cardiac Arrest in our community.

Sincerely,

Dawn and Angie
