

Remote Starters Available at Autopractor

Adding a remote starter DOES NOT void your vehicles warranty!
Remote starters can be removed and re-installed in your next vehicle!
Remote starters are also useful in warm weather to keep your vehicle cool!
Installation by appointment only

Bypass kits, additional parts or additional labor are not included in the basic price

AUDIOVOX 1 BUTTON STARTER. starting at \$275 installed!*

This is the entry level system that will start your car from up to 1,000 feet away. This is the most popular system with cars that come factory equipped with keyless entry, you can simply use your original remote to control doorlocks, and this remote will just control starting and stopping the vehicle. Comes with 2 remotes and Lifetime warranty through Audiovox.

AUDIOVOX 4 BUTTON STARTER. starting at \$325 installed*

This system has outputs for lock/unlock /trunk pop /3 aux. outputs and horn honk output
You can control all the functions of your factory remote on this unit so you will not need to carry around two remotes on your keychain. Features up to 1,000 feet of range, two remotes and lifetime warranty through Audiovox. This same system can be upgraded to a full function alarm for an extra \$99

AUDIOVOX 2-WAY LCD REMOTE START. Starting at \$425 installed*

This unit has all the great features of the model above, plus the added convenience of a LCD display on one of the remotes that will show you when the vehicle is running, and if the vehicle is locked or unlocked. This system has up to 1,400 feet of range, comes with one normal spare remote and has lifetime warranty through Audiovox. This same system can be upgraded to a full function alarm for an extra \$50

AUDIOVOX 2-WAY LCD REMOTE START & ALARM. Starting at \$525 installed*

This unit has all the features of the model above PLUS the ability to display the interior temperature of the vehicle which is perfect on those cold days when your wondering if your vehicle is warm enough to get in it yet!. It also has a countdown timer showing how long the vehicle has been running and parking meter timer. Lifetime warranty through Audiovox.

AUDIOVOX CAR-LINK MODULE \$299

This module plugs into any of the above model remote starters and allows you to start your vehicle from any phone, anywhere in the U.S. you simply call a toll-free number, enter your pin number and select what command you want to send, start/stop/lock or unlock. Now, no matter how far away from your vehicle you may be, you will be able to start your vehicle. This is most popular for people who park their vehicle at a train station, or for anyone who parks out of normal transmitter range. 3 years of unlimited service is included.
